ERRATA TO SPECIAL REPORT 154

Please make following corrections and additions in your Catalog of Strong Motion Accelerograph Records (Special Report 154):

P. vi, the heading should read ACKNOWLEDGMENTS

P. 12, record # 47380-S2603-81020.01 -
- insert letter "I" in column 6, NOTE.

P. 28, change record # 57425-S2767-80066.01 to
57425-S2762-80066.01

P. 30, record # 58348-C0179-80030.01, the note in col. 7 (REMARKS)
should read "3 instrument stalls".

record # 58354-S3489-80025.16, in col. 7 (REMARKS)
add note "2 instrument stalls".

INTRODUCTION

This report is the first of a series of annual supplements to the Division of Mines and Geology Special Report 154, Catalog of Strong Motion Accelerograph Records Recovered by the Office of Strong Motion Studies, 1982. That Special Publication is a listing and status report of records collected during the period September, 1976, through December, 1981, and provides instructions and information on how to use the catalog. This supplement is a listing and status report of records collected during the period January, 1982, through December, 1982. It also includes an updated listing of the processing status of records collected prior to this period.

The user is requested to refer to the original catalog, Special Report 154, for instruction and aids in this supplement's use.

March 31, 1983

As of today, following records have been digitized and processed by an electronic data processing system, in connection with processing the records for a certain earthquake. Magnetic tapes containing the data for these records are available from CDMG. The tapes content includes data of uncorrected accelerograms (Volume I), of corrected acceleration, velocity, and displacement (Volume II), and of the Response Spectra and Fourier Spectra (Volume III).
